July 12, 2006

Federal Election Commission  
999 E Street NW  
Washington, DC 20463

Dear Federal Election Commission:

Enclosed please find an amended First Quarter Form 3 Report for the Ellison for Congress Committee (FEC ID #C00422410).

This amendment is meant to replace an amendment mailed on July 10, 2006.

As part of the Second Quarter reporting process, the committee has been uploading data into the FEC's FECFile software. This system has required the committee to upload both First Quarter and Second Quarter data in order to calculate aggregate totals of contributions.

In the process of uploading First Quarter data into the FECFile software, the software noticed two or three minor errors that were not noticed while creating the amendment sent earlier this week. Those errors have been corrected.

Because our original First Quarter Form 3 Report was sent by paper mail, this amendment cannot be filed electronically. However, because the errors were noticed using the FECFile software, I have printed the amendment using the FECFile software. As such, this amendment contains all First Quarter data, not just that data requiring amendment.

Please let me know if you have any questions regarding this amendment.

Sincerely,

Aaron C. Street  
Treasurer
